

Generous donors foster progress on many fronts

The year 2006 featured many advances at Monticello. The Thomas Jefferson Foundation realized a number of noteworthy accomplishments, among them the beginning of construction of the Thomas Jefferson Visitor Center and Smith History Center. This new facility, being built at the site long occupied by the ticket office at the base of Monticello's mountain, is designed to significantly improve all aspects of the visitor experience.

Additional achievements during the year included the introduction of interpretive tours of Montalto, the launch of an online

ticket reservation system, publication of Volume 3 of The Papers of Thomas Jefferson: Retirement Series, and the winning of a prestigious Webby Award by the Web site's multimedia Monticello Explorer.

None of these – or any of the Foundation's other diverse efforts to advance its dual mission of education and preservation – would have been possible without the interest and generosity of our donors.

On these pages we gratefully acknowledge the individuals, foundations, corporations, and organizations who made contributions to Monticello in 2006. The generosity of these donors enabled the Foundation to achieve a record \$1,893,632 in
